unrivalled retirement living

more

Nestled in the heart of Hampshire, Bishopstoke Park is a place for people who want more from retirement: more memories to cherish, more friends to share them with, and more time to enjoy life.

Inspired by four decades of experience, this beautiful retirement village is the result of our enduring belief that after a lifetime of hard work and achievement, people in later life deserve the absolute best.

unique

Taking pride of place at the heart of our village is the painstakingly restored 19th century Mount, a unique and inspiring centrepiece that houses our luxurious swimming pool, spa and state-of-the-art wellness centre.

Alongside the stunning Mount building are the village bistro, cafe and delicatessen; charming spaces that chime with laughter and buzz with conversation... places for you to indulge, unwind and entertain.
